## Sales Contract and Guarantee

This is a contract for an AKC registerable whippet puppy bred by Susan Heiniger and born on March 26th, 2006.

Sire: QuiXand SuperFasticus

Dam: QuiXand MamaDog

Purchase Price: 800.00

Every attempt has been made to ensure that your new puppy will be healthy and happy when you take him/her home. You may take your pet to your veterinarian within the first 72 hours, and if anything is found to be wrong with the puppy, you may return it for a full refund. Do NOT treat the pup without notifying me first unless you intend to be responsible for the vet costs.

After 72 hours, your puppy is guaranteed against any congenital defects that would shorten its life or make a normal life impossible. If such a defect is found and documented by a veterinarian at any time during the pup's life, I will replace the dog, but no monetary refund will be given without prior special agreement.

Your puppy has had shots to guard against diseases but it is up to you to continue the vaccinations. We try our best to eliminate internal and external parasites but puppies can and do pick these up very easily as they grow so no guarantee against these is given beyond the first 72 hours. If you do notice any parasites, feel free to contact me and I will advise you as to the simplest way to get rid of any unwanted pests.

If at any time you cannot keep a QuiXand puppy, you **must** notify me before selling, giving away, or euthanizing your pup. I will always take a dog back and often have many good, pre-screened homes for an older puppy or adult dog.

QuiXand pet puppies are sold on limited registration and with a **SPAY/NEUTER** agreement.. Spayed and neutered pets are happier and healthier as well as easier to live with!!
